MINING IN WISCONSIN .- The Grant County Wisconsin Herald gives an interesting account of the le mines, or, as the editor terms them, 'Patch Diggings' of the county. There are some dozen of these Patches in the county, the largest of which is situated on the margin of a beautifal Prairie near Plattsville. The oar of this rein, or patch, lay entirely upon the top of the rock, averaging eighteen feet in width and three in thickness. Pieces of mineral raised from this 'patch' weighed as high as 25,000 pounds each, and such was the extraordinary facility with which it was obtained, that four men raised, in one day, 425,000. The land in the vicinity of these mines is very rich and productive, and easily subdued; but the miners, in their anxiety to grow rich, leave it almost entirely uncultivated. The average number of miners that have been employed upon the Diggiags, per year, since their opening in 1828, is ten. The whole amount of mineral raised is 4,226,000 pounds, which, at the average price of fourteen dollars per thousand, amounts 10 \$59,164 00.

THE TEN THOUSAND DOLLAR NOTE MYSTERY CLEARED UP .- The Mayor of Philadelphia states that the gentleman to whom it was paid by the Bank had called on him, informing him of the loss of the two notes in an outhouse of the United States Hotel, where, it seems, that colored waiter found them. Having made an unsuccessful search, the gentleman considered his money lost, and proceeded on his journey.

The Baltimore Patriot states that a disgraceful riot accurred in that city on Monday night last, in which a number of firemen were engaged. Several brickbats were thrown, one of which struck police officer Mc-Laughlin in the forehead, producing a severe and dangerous wound. A number of pistols were discharged, but without doing any injury, The presence of the Mayor, Major Law, was soon announced, and by his prompt action the riot was queled and the belligerents dispersed. A watchman named Lanton, while endeavoring to disperse a crowd of boys that were burning a tar barrel, was struck over the nead with a hose pipe and very badly, if not dangerously, wounded.

Some rowdies entered the oyster shop of a Mr. Parsons, Boston, on Thursday evening, and seized and bound him, and then proceeded to rob the shop. Being plarmed by a noise without and the struggles of Mr. Parsons to escape, one of the gang fired a pistol at Mr. P., but missing his aim wounding one of his own party. They then made their escape.

The Hon. HENRY WHEATON, our Minister at Berlin, has written for the National Institute, at Washington, a long and interesting account of the "Revival of Greek Tragedy in Prussia."

The name of the person who died so suddenly on board the steamboat Independence, on Wednesday, was Charlas P. Osborne. The poor fellow was at the wheel when he was taken ill, and before help could be procured

IT A boy fourteen years of age was lately detected in stealing a box containing \$300 in Bloomfield, N. Y. He had just been confined in jail ten days for petit larceny, and committed the theft on the evening of his liberation.

TA man named James Wool, recently a resident of Dryden, Tampkins co., was drowned last Saturday in the canal near Lodi, in attempting to jump from a foot bridge to a boat. The dwelling house in Perrysburg, Ohio,

of Capt. David Wilkinson, of the steamer Commodore Perry, was burned down on the 21st inst.

EXPERIMENT ON ANIMALS.—A late number of the London Laucet contains a notice of certain experiments performed on cats, one of which, though cruel is certainly very singular. A foreigner of the name of Weinhold took away the brain and spinal marrow of one of these animals, and filled up the space thus made with an amalgam of mercary, quicksilver and zinc. Life appeared to be instantly restored, the animal lifted up its head, opened and shut its eyes, and, looking with a fixed stare, endeavored to walk, and whenever it dropped tried to raise itself upon its legs. It continued in this tate some twenty minutes, when it fell and remained motionless. During the time the animal was thus treated, the circulation of the blood went on regularly; the secretion of the gastric juice was more than usual, and the animal heat re-established.

neighbors assembled at his nouse a night or two ag fire was kindled in the furnace in the cellar for the first time this season. The evening being warm, the hot air was not let in the room till late, and about ten minutes after the whole of the party were suddenly affected, and one or two to such a degree as to make them quite ill. It was then ascer-tained that the fire had been kindled with charcoal, and that the fumes had escaped into the room by a defect in the gas pipe, and hence the serious consequences. Two of the dies had not entirely recovered as late as yesterday.

[Philadelphia Inquirer. SMALL Pox .- Several cases of the small pox have, we understand, occurred in the village of Madison, N. York. A daugh er of the Rev. Mr. Platt, the Presbyterian clergyman, fell a victim to the disease on Sunday, and Mr. P. and another daughter were also said to be confined with the distemper.

ROCHESTER AND AUBURN RAILROAD .- The receipts from freight, passengers and other sources upon this road for the last five months, have been \$116,127, and the to-

tal expenses \$33,718. DEATH ON THE RAILROAD .- A brakeman named

James Walsh, attached to the noon train of cars from Springfield, west, was killed on the 25th, by his head coming in contact with one of the bridges about ten miles from Albany. On Tuesday, the 19th inst., Mr. Abraham Stevenson, of this place, whilst out on a gunning expedition, shot a noble Crane in McMichael's Creek, which measured

six feet from the tip of one wing to that of the other, and live feet five inches from the extremity of the bill to the claws of the feet.

Jeffersonian, Monroe Co. Pa. IF A girl residing in Crabb-street, Philadel. phia, died yesterday morning very suddenly. It appears that a fight some time during the night previous took place w at the house where she lived, and that she fied into the street and took cold, which produced convulsions, and she shortly

after died. The girl was enciente by her step-father. The Stamford (Conn.) Advocate says that two individuals were lately fined two dollars each, and cost, amounting to about six dollars, for rashly swearing at each other. One paid up, and the other is now in jail at Fair-

DOLISH YOUR STOVES AND GRATES .-Every body in Boston is polishing their stoves and grates with Wm. Brown's Fencil Paste. No better evidence of neatness, when you enter a dwelling, than to notice the Stoves and Grates are well polished. We would recommend for this purpose WM BROWN'S PENCIL PASTE. It is put up in rolls, which cost but 12½ cents, and has many advantages over the British Lustre and Black Lead, as its lustre is brighter, lasts longer, and is used with much less dust and trouble. In one minute after it gets dry, by the application of a brush you set a beautiful polish. For sale at WM. BROWN'S, 481 Washington-street. WATERVILLE, (Oneida Co. N. Y.) Sept. 15, 1843.

Dear Sir-I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village. But after exhausting their skill to respect to the proposition of the proposit medical aid in our village. But after exhausting their skill to no avail, they pronounced my disease a confirmed consumption; and they one and all gave me up to die. After much persuasion, I got the consent of my Physician to use the Balsam of Wild Cherry, prepared by Dr. Wistar. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better and my expendent in avery way. my cough was much better and my symptoms in every way mproving. I have now used three bottles, and an restared a perfect health. This result is alone owing to the use of Dr. Wistar's Balsam of Wild Cherry; and I take this feethod of giving you the information, partly to pay the debt f gratitude I owe you, and partly that others similarly afflicted may know where to apply for relief. Very truly yours, JAMES SAGE.

MR. PALMER, Druggist, under date of Waterville, Sept. 21, 1813, writes—The statement given you by Mr. Jones Sage is well known to be true by this whole community. That remedy is 'SCHENCK's Pulmonic Syrup.'

Is has succeeded in cases where every thing else has failed, and it will generally succeed in curing every case of Consumption where the following things are attended to, viz: a 'fair trial, perseverance, and a strict conformity to the directions. In order that this may not be considered mere assertion, unsupported by facts, the reader is referred to a pamphlet, published by' the proprietor, which can be obtained gratis at any of his offices, in which can be found a number of cases substantiating the truth of this assertion. Also, may be seen any of his offices, in which can be found a number of cases substantiating the truth of this assertion. Also, may be seen at his office a number of certificates which have never yet been published, where individuals have been cured of Consumption after having been given up by their Physician and friends. It may not be amiss to state the reason of the great success of the Pulmonic Syrup. It is the most powerful purifier of the system known; it operates by assisting nature to expel the disease from the Lungs, Stomach and Liver. Where there is heeting favor night awards constitution all usual ayontoms of Consumption. from the Lungs, Stomach and Liver. Where there is heetic fever, night sweats, constipation, all usual symptoms of Consamption, the use of the Syrup removes the fever, stops the night sweats, and regulates the action of the bowels, making them healthy and natural. It soothes and ripens the disease of the Lungs, and then expels it in the form of expectorated matter; and it is truly astonishing what quantities of co-uption is expectorated by patients generally, who have taken the Pulmonic Syrup; and this continues until all disease of the

Lungs is removed, and the patient finds to his joy that he is stored to health.

CURE OF DYSPEPSIA AND DROPSY.

Mr. Kelly-Dear Sis-I have been afflicted for \$0 or 9 years with a distressing pairs on my stomach, costiveness it my bowels, my himbs very much swollen. After eating my meals I was in great distress for a short time, and then threw up what I had eaten. In short sir, I have scarcely found rest or comfort during that time. I have tried all kinds of medicine that I could think of, to little or no advantage, and had almost given up all hopes of ever getting any relief, being now 68 years of age. I saw the advertisement of your Double Extract of Sarsparailla Candy, and I thought I'd try once more. I have taken it now about 6 weeks, and it has completely regulated my system. I now eat any thing that comes before me, and have not been sick since I commenzed taking it, sincerely and heartily thank God, and render my good will and thanks to you, for I believe your Candy has been the means of kiving me heafth and constort in my old age. You are welcome to make any use of this you may think proper.
